RURAL ZONING DISCUSSION — Pictured above are the four persons responsible for the Pickaway County rural zoning meeting held last Monday in the Scioto Valley Grange Hall, north of Ashville. From left to right are Donald Pollitt, Farm Bureau area organization director; Dean Simeral, assistant director of public relations for the Ohio Farm Bureau; George Hamrick, County Extension Agent, and Lawrence W. Reid, Worthy Master of the Pomona Grange. Simeral addressed the more than 80 persons in attendance and then answered questions from the floor. The heavy influx of trailer courts was the main concern of those present. (Staff Photo)

7 Astronauts Are Selected

One To Be Aboard Manned Satellite

WASHINGTON (AP) — Many were considered and seven were chosen. Barring the U.S.S.R. doing it first, one of these seven Americans is likely to be the first man to orbit the earth in space.

The selection of the seven-man team of "Mercury Astronauts" was announced Monday by the National Aeronautics and Space Administration. Their names are still a secret, but they will be made public soon, possibly later this week.

They were picked for America's first manned satellite experiment, Project Mercury, from a carefully selected initial list of 110 highly qualified military pilots. Both physical and mental fitness were measured intensively.

The number was held to 7 — instead of 12 as originally planned — so that each team member could take full part in all phases of the project.

They will have a hand in the engineering and scientific development of the space vehicle. They will handle test flights at moderate speeds and altitudes, getting ready for the supreme test, an 18,000-mile-an-hour orbiting flight 100 miles or more above the earth.

All the men are graduates of military test pilot training schools. They have at least 1,500 hours of flying time. Each holds the equivalent of a bachelor's degree in science or engineering.

They are all under 40 — space flight is a young man's game. None is taller than 5 feet 11 inches. The space capsule they will man is a cramped affair.

NASA officials said they did not even get through the entire panel of 110 men before making the selections. Of the first 69 men interviewed, 80 per cent volunteered for the historic mission.

"All were of such high caliber that selection was difficult," the NASA announcement said.

The Mercury astronauts will go within a few days to Langley Research Center at Hampton, Va., to start about two years of training. All seven are married.

Legion Chieftain

Raps Summit Talks

WHEELING, W. Va. (AP) — The national commander of the American Legion says "the United States has nothing to gain by a summit talk with Russia."

Preeston J. Moore of Stillwater, Okla., stopped here Monday for a news conference before crossing the Ohio River for a speaking engagement in Martins Ferry, Ohio.

"Nothing constructive could possibly come out of the proposed summit meeting," Moore declared. He said Russia is capable of destroying the U. S. and vice-versa, but this country can avoid an all-out war with the Soviet Union.

"What we are fighting is a psychological and economic war. Eventually, all the world is going either communistic or democratic."

"There can be no peaceful co-existence."

Ohio House Set For Vote Hiking State Tax on Beer

COLUMBUS, Ohio (AP) — The Ohio House votes today on the second of Gov. Michael V. DiSalle's tax program bills—a measure to increase the tax on 3.2 beer from \$1.50 to \$2.50 a barrel.

The bill represents only a small part of DiSalle's one-third-billion-dollar tax proposal for the next two years. It is estimated to produce about four millions in the

two-year bookkeeping period.

The proposal would equalize the tax between high-power and low-power beer.

Only last week, the House passed and sent to the Senate a 25 million-dollar tax measure — a bill to double the corporation franchise tax.

As the big tax program continued to lumber over its many legislative hurdles, the soft voice of compromise wafted across the springtime air in the House.

Republicans have been objecting strenuously to the DiSalle administration's appropriations bill which, for the first time in memory, makes "lump-sum" appropriations to state departments.

The Republicans, accustomed to "line-item" appropriations, complained the lump-sum appropriations would give the administration too much power over state treasury strings.

The Democratic majority backed away from lump-sum appropriations Monday, but House Finance Committee Chairman G. D. Tablack (D-Mahoning) asserted:

"This is not because of minority objections, but because we too felt it was too radical a departure."

The upshot is that a substitute bill, on a modified line-item basis, will be offered and studied by the House Finance Committee and will be printed before the big money bill goes to the Senate—probably in late May.

The substitute bill still will give the state director of finance solid authority to guide state departments in their spending.

The House will vote Wednesday on a Senate-approved bill to create a State Fair Employment Practices Commission.

The Senate will vote on a House-approved bill to prohibit pay discrimination because of sex.

House Speaker James A. Lantz (D-Fairfield) said a third part of the DiSalle tax program will be brought before the House next week—a bill to increase the state gasoline tax from five to seven cents a gallon.

The proposal was the subject of a letter written Monday by the governor to Charles Spahr, president of Standard Oil Co. of Ohio, who had objected to the gasoline tax increase.

DiSalle observed Standard Oil sells one-third or more of all the highway fuel purchased in Ohio, adding:

"This unprecedented share of the market gives you not only an unquestioned interest in motor fuel taxation, but also an unquestioned responsibility for assisting in the protection of the safety and enjoyment of the 4 1/2 million Ohio motorists as they drive for pleasure or business."

Nicholas Defense Case Is Readied

INDIANAPOLIS (AP) — The defense gets its chance today to rip down the state's "raist of Minnie B. (Connie) Nicholas as the calculating murderer of her wealthy businessman lover.

By testimony of a half dozen witnesses—including the 44-year-old defendant herself — the divorcee's lawyers hope to prove she shot drug executive Forrest Teel in self defense during a struggle in his car last July 31.

"Connie will tell her full story herself," said Charles W. Symmes, one of three defense attorneys. "She will give all the background about the whole affair."

U.S. Idle Total Dips in March

4,362,000 Now Listed As Among Unemployed

WASHINGTON (AP) — Unemployment declined 387,000 in March to 4,362,000. Employment jumped by 1,106,000 to 63,828,000.

The government, in reporting this today, said the rise in employment and drop in unemployment were both about twice the amount seasonably expected for the month.

It was the biggest February-to-March drop in unemployment since 1950. The employment rise for the month was the biggest since 1951.

Seymour Wolfbein, head of the Labor Department Employment Statistics Bureau, told a news conference that while the improvement was partly seasonal the job picture definitely shows substantial signs of repair from depression damage.

The seasonally adjusted ratio of unemployment to the total work force declined from 6.1 per cent in February to 5.8 per cent in March.

Wolfbein's holding a news conference to release the report was an unprecedented thing.

Ordinarily, the regular monthly job reports of the Commerce and Labor Departments have simply been handed to newsmen in printed releases.

The unusual procedure pointed up the administration's gratification over the developments.

Administration officials from President Eisenhower on down had forecast such gratifying improvements.

Secretary of Commerce Lewis Strauss said the changes reflected in the job report would be "actually the best improvement figures between February and March in years."

To top that off, Strauss said other government data, some of it still to be released, shows the national economy is whirling along at the end of 1959's first quarter at its greatest pace ever in history.

The commerce secretary said that with national income at a peak and prices remaining stable, purchasing power never was higher; the value of all goods and services, or gross national product, is also at a record.

April Grand Jury Indicts 15 Persons

The April term of the Pickaway County Grand Jury yesterday indicted 15 persons, refused to indict three persons and passed one case.

A total of 19 cases were considered. There were four secret cases of which the Grand Jury returned two true bills, one no bill and passed one case.

A total of 13 witnesses appeared before the Grand Jury which started yesterday's session at 9 a. m. and reported to the County Common Pleas Court at 4:15 p. m.

In addition to the one secret case not indicted there were no bills returned against Jack Hamilton, Williamsport, issuing a check with insufficient funds, and Paul E. Griffey, non-support.

TRUE BILLS WERE returned against Frances Smith, Chillicothe.

Knollwood Co. To Develop Martin Farm

The Knollwood Development Co. has purchased the 61-acre farm of Wayne and Mabel Martin located at Northridge Road and Nicholas Drive. It lies just outside the city limits.

The area will be developed into about 167 residence lots. It will have 9,200 feet of roadway, according to J. Boyd Stout, president of the firm.

Stout said today that the area will be plotted into lots with 80 to 110-foot frontage. Construction will be medium and high cost homes.

The development will be known as "Garden City," Stout said, and will be patterned after Knollwood Village, which was developed by the company starting in 1954.

No date has been set for the start of construction in the area. The plot lies southwest of the Northridge Road - Nicholas Drive intersection. It is bounded by a line starting at the intersection, thence running south for 2,350 feet, thence west for 2,111 feet to the rear of Berger Hospital, then north to the Zwickler Woods addition, thence east and north along the boundary of the Markley Addn. to Northridge Road, then northeast to the point of origin.

New Revolt Breaks Out Against Leftist Iraqis

Perspective on Education Given by Monday Club Here

A panel discussion of "Perspective on Education for a Responsible Citizenry" highlighted a regular meeting of the Circleville Monday Club last night.

The discussion was held in the Circleville High School auditorium. Program chairman, Mrs. Lawrence J. Johnson, was in charge of the discussion.

The panel was composed of Dr. W. L. Sproule, examiner at Ohio State University who served as moderator; George A. Hartman, superintendent of the city school system;

George McDowell, superintendent of Pickaway County schools, and Dr. Harold Bowers, assistant superintendent of the State Department of Education.

HARTMAN DISCUSSED education from the local level. He said that the responsibility of good schools rests upon leadership of a capable superintendent and his staff after the board of education sets up the policies for the school.

He continued, "the second specification is good quality instructors on the teaching staff. A weakness in a financial structure should be overcome to insure stronger systems."

"The schools should make a good citizen out of each child because each individual is worth something. The teacher should be conscious of the progress of each child and be fair to all. All types of devices should be used to stimulate interest," Hartman concluded.

McDowell said he believed that educators should approach education with awe, as we do not live in ivory towers but in a world community.

"Education is the foundation of

Democratic liberties. Schools must give each child a chance to develop his innate abilities. They should acquire knowledge of social studies, music, English, art and the art of 'listening'."

McDowell said teachers should find the secret of making the student want to study and to learn how to study. "We should develop skills, concepts, ideals and ways of forming good habits in the students," McDowell stated.

DR. BOWERS SAID schools are just as good as the people demand. "We must not permit state or federal governments to be the most important factor in the educational process," he said.

Bowers continued, "The state serves important functions in the local school systems. The small school no longer serves the students' needs."

"We must have large units so that all children have the opportunity to develop normally," Bowers said.

Parents should encourage their children and instill in them a love for learning, he stated. Then the parents will be satisfied in a piece of work well done.

Dr. Sproule summarized the discussion as follows: "Well trained teachers are of the utmost importance; the students must be encouraged and their work motivated;

Funds and proper equipment must be on hand to encourage and motivate this work; as this is the age of machinery, we must prove that there is a need for work and that the task must be well done.

Finally, we must reconcile the expedient with the important if we are to get the kind of citizenship we want."

Mrs. Bishop Given presided over the Monday Club meeting and roll call. The Monday Club chorus presented two selections entitled, "This is Your Country" and "Your Hand and My Land."

Susan Hayward, David Niven Win 'Oscars' in Hollywood

SUSAN HAYWARD in a scene from "I Want to Live."

DAVID NIVEN in a scene from "Separate Tables."

HOLLYWOOD (AP) — Susan Hayward, who once despaired of ever winning an Oscar, got one on her fifth try Monday night. So did David Niven, after 25 years of pleasing movie audiences.

The Brooklyn-born actress and the Scottish Scotsman won the top Academy Awards for acting before an audience filled with most of the big names in the entertainment industry. They shared honors with the movie "Gigi," which won in every one of the nine categories for which it was nominated—including best picture.

Burt Ives and the British actress Wendy Hiller won Oscars for best supporting performances.

More than 100 big names—from Ingrid Bergman to Eddie Fisher—gave a nationwide television audience an electronic peek at Hollywood's biggest night of the year. The acceptance speeches were so

short that the NBC-TV show ended some 20 minutes before its two-hour schedule.

Miss Hayward enacted the role of murderess Barbara Graham in "I Want to Live."

While the picture was being made, she told a reporter that "after four disappointments I'm no longer in the business for Oscars. Just say that I do it now for the money and the joy of doing a good part."

She admitted that Monday night's results have changed her views considerably.

"I thought I had a good chance but I was pleasantly surprised," she said. "And above all thrilled and honored."

Niven won the top actor award for playing a pathetic woman-molester in "Separate Tables." It was one of the few times in his

Soviets Move Kurdish Troops

Cairo Reports Tell Of Renewed Fighting

LONDON (AP) — Cairo radio said today a new revolt had broken out in Iraq.

It quoted refugees from Baghdad, the Iraqi capital, as saying there had been fighting in the oil city of Kirkuk, in northern Iraq.

There have been repeated unconfirmed reports in the United Arab Republic, especially in Syria, of new fighting since the collapse of the revolt in Mosul in northern Iraq last month.

Cairo radio said the refugees claimed government troops in the region of Kirkuk had gone over to the rebels. The radio said the rebellion was being led by men of the Shafar and Jubur tribes.

The broadcast — monitored in Britain — quoted the refugees as saying that planes of Premier Abdel Karim Kassem's air force had destroyed a rebel village with rockets.

The Cairo reports from Baghdad coincided with Egyptian Radio broadcasts that Soviet-armed Kurdish tribesmen are being shipped through the Suez Canal to Iraq.

These latter reports aroused speculation that Russia is helping Kassem form a pro-Communist Foreign Legion.

Egyptian authorities said three Soviet ships — one carrying 855 fully armed Kurds and the other two loaded with military equipment — passed through the canal since Sunday bound for Iraq's big Persian Gulf port of Basra.

The Kurds, though not Arabs, are scattered through Arab regions as well as into the Soviet Union and make up one million of Iraq's 6 million people. Many have long dreamed of carving out their own nation of the areas of northern Iraq, western Iran and eastern Turkey which they inhabit.

Observers at Port Said reported the tribesmen passing through the canal were Soviet citizens of Kurdish origin, from the southernmost regions of the Soviet Union. The United Arab Republic's Middle East News Agency said the Soviet Kurds were trained in guerrilla fighting.

The agency, without giving a source, said more Soviet ships, carrying new groups of Communists, are expected at Port Said en route to Iraq.

There was no foreign confirmation of the Egyptian reports. Nasser has been waging a bitter campaign against Kassem, accusing the Iraqi Premier of letting the Communists get the upper hand in Iraq. Kassem, with Soviet Premier Nikita Khrushchev seconding him, has blamed Nasser for the recent unsuccessful army revolt in north Iraq.

Only a week ago Kassem hinted he might grant the Iraqi Kurds self-government — a move that would meet with favor in Moscow.

The Communist-trained Kurds could form the nucleus of foreign legion units which the Egyptian press said Kassem is forming. Cairo papers said their mission is to oppose Arab nationalists in Iraq who want to swing their country closer to the U.A.R. and President Nasser and who are against the growing Communist influence in Baghdad.

The 1,030-ton Soviet ship Gruzia carrying the Kurd tribesmen was closely guarded during a brief stop at Port Said Monday. Officials said they had difficulty getting aboard to make a routine check.

Egyptian authorities said the Gruzia, which came from the Soviet Black Sea port of Odessa, appeared on Monday.

Johnson Defends Ike 'Friendship'

AUSTIN, Tex. (AP) — Senate Majority Leader Lyndon B. Johnson (D-Tex.) said Monday he would help the President "as long as it helps the strength of America."

Sens. Wayne Morse (D-Ore.), William Proxmire, (D-Wis.) and Pat McNamara (D-Mich.) have criticized Johnson for what they called his one-man rule in the Senate and his too friendly relations with the Republican administration.

"I shall always respect the office (of president) and I shall respect the man in it, whoever he may be, Democrat or Republican," Johnson told a joint session of the Texas Legislature.

peared bound for Basra but her papers listed her destination as the Far East.

Another Soviet ship, the Niklai Brizol, loaded with 9,000 tons of military equipment, also passed through the canal Monday for Basra, the Middle East News Agency reported. The 10,000-ton Soviet freighter Elia Teknikof, with arms for Iraq, moved through on Sunday night, the agency said.

AP correspondent Stan Carter reported from Baghdad in a dispatch through censorship — that Kasse predicted three nights ago "we shall have a tremendous revolution in the state machinery this month."

Carter said the revolutionary leader did not elaborate on his remark, made at a Hungarian Embassy reception. But it aroused speculation that such development projects as dam and road building and other construction work which Western companies have been carrying on for Iraq might be turned over to the direction of Soviet experts.

Williamsport Seeks 2 Mill Levy Renewal

The village of Williamsport will seek its voters' approval for a renewal of a 2 mill levy for current expenses and fire protection in the November election. It was reported today by the Pickaway County Board of Elections.

Williamsport officials informed the election board of its resolution and asked that it be placed before its voters. It is a 2 mill renewal for five years.

The Election Board must approve the resolution's form before it can grant its admittance on the forthcoming election ballot.

Firemen Host Visiting Fire

Circleville Firemen who normally make hurried dashes to fires, yesterday experienced the rare case of a blaze being brought to them.

At 1 p. m., an out-of-city motorist pulled up at the fire station with a blaze in the back seat of his car. He said the fire apparently was caused by a cigarette which unknowingly landed in the rear of his auto.

Firemen said damage was minor.

U.S. Sends Aid To Red Seaman

Sailor To Be Taken To Alaskan Hospital

KODIAK, Alaska (AP) — A U.S. Coast Guard cutter slashed through the wind-whipped waves of the Bering Sea early today, rushing to the aid of a critically injured Soviet seaman.

The cutter Storik left Akun Bay on the Aleutian Island chain on an international mission of mercy to the Soviet trawler Pischavaya Industriya, located about 100 miles to the north in the general direction of the Pribilof Islands.

The waves crested 10 to 15 feet high and winds of 30 to 40 miles an hour lashed the area, the Coast Guard said.

Object of the emergency trip was an unidentified Soviet seaman who fractured both arms and legs in a tumble into the hold of his ship.

A roundabout request for aid came from the Soviet Embassy in Washington to the State Department. That brought a coordinated effort by the Navy and Treasury Department, which has jurisdiction over the Coast Guard.

The plan was for the cutter to meet the Soviet vessel, administer first aid and then remove the seaman for transportation to a hospital at Anchorage. An amphibious plane was to meet the cutter at Dutch Harbor in the Aleutians to take the injured man on the last leg of the mercy trip.

Coast Guard officers said the seaman probably could be transferred from trawler to cutter by small boat in spite of the heavy seas—if the storm didn't get much worse.

The 230-foot Storik is used to heavy going. It was one of the Coast Guard boats that followed a Canadian ice breaker through the Arctic Ocean.

Chuckie Hill Sent to OSP

Charles W. Hill Jr., Columbus, was sentenced to the Ohio State Penitentiary Friday to serve a term of one to three years at hard labor. Sentence was passed in Pickaway County Common Pleas Court.

Hill, a Circleville native, was convicted by a common pleas court jury earlier of failure to provide support for his five minor children.

Testimony during the trial revealed that Hill's wife, Nellie, started filing non-support charges against him in 1950 and refilled six or seven times since then.

Dalai Lama Treks Deeper into India

NEW DELHI (AP) — Tibet's Dalai Lama prepared to leave the remote monastery town of Towang today and push deeper into India as the Buddhist faithful flocked to pay homage to the fugitive god-king.

The Dalai Lama was expected to continue his slow journey today through the mountainous north-eastern zone which is barred to all outsiders because of Naga tribesmen who for years have been warring for independence. Bombilla, a military headquarters some 70 miles off, was believed to be the next goal. The journey on horseback was expected to take four or five days.

The party was reported moving in two groups—with a large advance patrol serving as guard to the 23-year-old ruler and his top aides. With the 80 Tibetans is a strong guard of Assam state riflemen and constabulary in addition to Indian army units.

The young ruler, venerated by

his people as the reincarnation of Buddha, was reported making frequent stops to bless followers who flock in from the surrounding countryside.

Reliable sources at Shillong, 150 miles south of Towang in Assam state denied reports the Dalai Lama was sick and fatigued.

P. N. Menon, chief of press relations for India's Foreign Ministry, headed toward the northeast frontier to intercept the Dalai Lama before foreign newsmen reach him.

Prime Minister Nehru dispatched Menon to learn whether the Tibetan ruler intended to say anything about the Red Chinese campaign to subjugate his homeland that could endanger relations between New Delhi and Peiping. Nehru was expected to insist that in exchange for refuge in India, the Dalai Lama refrain from public statements that would incur Peiping's wrath.

Grandmama Eleanor Roosevelt Isn't Tireless After All

LONDON (AP)—Mrs. Franklin D. Roosevelt is not tireless after all. At the age of 74, she sometimes falls asleep in company.

Authority for this is Nina Roosevelt, 17, daughter of Mrs. Roosevelt's son John.

There had been a general impression that Mrs. Roosevelt was chaperoning Nina on their recent trip to the Middle East. The girl dispelled this in an interview at a book store where the President's widow was autographing copies of

her book "On My Own."

"Grandmama's absolutely marvelous," said Nina.

"I know you think she never tires. Well, one of the reasons is that she's got the knack of falling off to sleep wherever she is, even on her feet."

"It can be awkward if she's in company. She did it in Iran and Egypt when people were talking shibboleth-de-hi that did not really interest her."

"I keep a very close watch. If I can catch her just as her head is nodding, one tap on the ankle is enough. But once her head reaches her chest, it takes a good old-fashioned shake."

"People forget that she's 74. They'd have her climbing any number of stairs or walking miles over cobblestones unless I put my foot down."

Nina said her own ambition is to get into the U.S. State Department's Foreign Service and have a diplomatic career in the Middle East. To this end she is studying Arabic and Hebrew.

At this point grandmama joined the group.

"You've been talking to my granddaughter?" she said. "Well in that case I guess there's nothing left to say."

Auto Economy Run Challenges Mountains

GRAND JUNCTION, Colo. (AP) — Mountain highways which wind through passes more than 11,000 feet above sea level challenged the 47 autos in the 1959 Mobilgas economy run today.

The new cars and their drivers left here this morning, bound for Denver, 250 miles away.

Today's run easily is the most difficult of the 1,898.4-mile journey from Los Angeles to Kansas City.

50 Cincinnati Firemen Overcome by Smoke

CINCINNATI (AP)—A fire in the basement of the building that was being torn down gave Cincinnati firemen a rough time Monday night. Fifty had to be given emergency oxygen treatment, one suffered a badly bruised arm and two were hospitalized briefly for smoke inhalation.

The fire occurred in the basement of a four-story building being torn down to make way for the Third Street Distributor Expressway.

Mrs. E. W. Freshour substituted several days this week in the third grade at South-School. The teacher was ill, but is now able to return to work.

Mrs. W. R. Sunderland has been teaching all week at Pickaway Twp. School, for the first grade teacher, Miss Mildred Turner, who has been ill.

Mrs. Denver Nichols and Mrs. Frank Wolfe are doing some interesting work with the Girl Scouts. On March 23, 15 of the girls went to Mt. Logan School in Chillicothe for the Easter egg roll given for all the Girl Scouts of the county.

The girls are working on their second class badges and at the same time their proficiency badges. Jane Ann Sims is working on her Tenderfoot badge.

The girls have bought a flag pole for the troop flag and also purchased World Association pins for each girl. All girls are required to take part in the flag ceremony, and to bring a game, or describe a game, to play at each meeting.

The girls have sold 322 boxes of Girl Scout cookies. Additional officers selected are: President, Carol Beavers; Vice president, Beverly Dear; Assistant Secretary, Beverly Fetters and Assistant Treasurer, Lois Beavers.

THE CLASS taking up the study of the Russian language, in Chillicothe, has created quite a bit of interest. It is being sponsored by the Ross County District Library, and is taught by an unpaid volunteer Mrs. John Allen (a Lithuanian).

The class of 17 which turned out

for the first lesson Thursday, was too large for the Library room and had to move to the Baptist Church next door. Permanent quarter will have to be announced later. The meeting night has been changed to Friday. Besides the people from Chillicothe, there were also some from Frankfort, Kingston, and Waverly. Several who intend to enter the class, were not able to be present last week.

Miss Betsy Boggs, who is finishing her second year of school at Loretta Heights College in Denver, Colo., left on Monday by plane to resume her studies. Betsy spent a short Easter vacation here with her parents, Mr. and Mrs. H. S. Boggs, and her brothers, John and Ned. Additional Sunday dinner guests at the Boggs home were Mrs. Meeker Metzger (Dorothy Boggs) and Miss Marjorie Boggs of Chillicothe.

John Jende, a student at Ohio University, spent his Easter vacation at home with his parents, Mr. and Mrs. Leonard Jende and his brothers, Maris and Aris.

Mr. and Mrs. Bob Cloud and daughter, Roberta, were guests, from Wednesday of last week until today, at the home of Mr. and Mrs. Sam Cloud. Bob is also a student at Ohio U.

Larry Davis from Ohio U. was at home from Wednesday until Tuesday of this week. He is the son of Mr. and Mrs. Leo Davis.

Also at the Davis home over the weekend, were Mr. and Mrs. Lee Davis of Columbus. Lee is a medical student at Ohio State University.

Guests of Mr. and Mrs. W. R. Sunderland on Sunday were Mr. and Mrs. C. J. Kauffman and Mr. and Mrs. P. L. Angle of Springfield, and Mr. and Mrs. R. W. Wells of Troy.

Mrs. F. B. Mowery and son Lloyd spent Easter Sunday at Grove City with Mr. and Mrs. Brown Pettit (Ann Mowery), and son Mike.

U.S. Attorneys Holding Parley

WASHINGTON (AP)—The Justice Department's nationwide drive on organized crime and racketeering will come in for special attention during a two-day meeting of U.S. attorneys starting today.

For more than a year the department has spearheaded a drive to pool information about activities of top hoodlums and has worked with other government agencies to prosecute those against whom sufficient information was found.

In addition to direct criminal charges, some have been convicted of income tax evasion and others have been denaturalized or deported.

Episcopalians Buy Cleveland Building

CLEVELAND (AP)—A building purchased for \$350,000 will be remodeled into a new headquarters for the Episcopal Diocese of Ohio.

Purchase of the Rorimer-Brooks Building on Euclid Avenue next to Trinity Cathedral was announced Monday by Bishop Nelson M. Burroughs.

Van Wert Pair Denied Travel Costs

WASHINGTON (AP)—You can't—as a general rule—go around the world and deduct the expenses on your tax return if you failed to sell a book about your experiences.

Tax Court Judge William M. Drennen so decided in a case brought by attorney Kerns Wright and his wife, Margaret, of Van Wert, Ohio.

As it was explained in the judge's decision, the Wrights, in 1954, decided to visit their son, who was in the armed forces in Japan, and then continued around the world.

On the trip, the papers said, a travel book was prepared and was entitled "Margaret's Diary." On their return, they could not get the book published, so they deducted \$6,497.98 as a loss for travel costs and expenses in preparing the manuscript.

The judge wrote: "The cost of a trip such as this, undertaken . . . for purely personal reasons, cannot be turned into and deducted as a business expense merely by writing a diary en route with a mere hope (unjustified) that it might be published and bring in some income."

"To allow the deduction of such expenditures . . . would be an invitation to many taxpayers to convert pleasure trips into business trips at the expense of the revenue."

Nike Effectiveness In All-Out Attack By Russia Studied

WASHINGTON (AP)—Just how effective would the Nike anti-aircraft missiles be if an atomic attack was made by Russia?

Rep. William E. Minshall (R-Ohio) asked the question, as applied to Nikes surrounding his hometown, Cleveland, of Gen. E. E. Partridge.

Testifying before a House Appropriations subcommittee, Partridge, commander in chief of the North American Air Defense Command, replied:

"I would say if they make an all-out attack against Cleveland they are going to destroy it."

"But if they spread their force around the country—and they have to do this because they must attack these Strategic Air Command bases—the chances are very good that you would survive the attack."

A transcript of the hearing at which the exchange took place has just been made public.

Forest Cemetery Trustees Announce Time Payment Plan

At the last meeting of the Board of Trustees of Forest Cemetery, it was decided to inaugurate a time payment purchase plan for burial lots.

Trustees said payment for the lots will be arranged for the convenience of the purchaser. Payments will be made at the local Second National Bank.

Charles Mowery, superintendent of Forest Cemetery, said this time payment plan will allow easier purchase and permit a more leisure selection of family plots.

The trustees said it is estimated that only about half of available space at Forest Cemetery has

been purchased or put to use as burial spaces.

ACCORDING to Mowery, in the past one third of the purchase price of each lot sold has been placed in a trust fund, administered by the trust department of the Ohio National Bank.

This trust fund is designated as a perpetual care fund for maintenance of cemetery lots. At present this fund amounts to about \$77,000, insuring an ample amount for maintenance even after all lots are sold.

The Forest Cemetery Board of Trustees include R. L. Brehmer, Duane I. Dowden, Guy Culp, Robert Elsea, George Young, Tom Renick and Harry Heffner. The cemetery is operated on a non-profit basis and the trustees receive no remuneration of any kind for their services.

New Trial Order Appealed by State

COLUMBUS, Ohio (AP)—The state appealed to the Ohio Supreme Court today against a new trial in the cafe shooting of a Toledo youth.

The shooting, last June 16, resulted in the first-degree manslaughter conviction of Darrell Barron in the death of Robert Sanders, 19.

Sanders was wounded fatally as he fled from a cafe during a row between companions and the management. Barron was indicted on a charge of second-degree murder, but convicted on the lesser count. An appellate court reversed and ordered a new trial.

The state appealed to the high court from that decision.

Brick-Clay Union Due To Consider Offer

DENNISON, Ohio (AP)—A policy committee for the striking Brick and Clay Workers Union meets here today to consider management's latest offer.

A walkout of 3,800 members of United Brick and Clay Workers of America, District 9, idled 26 plants in Ohio, Indiana and Pennsylvania. The old contract expired Saturday, and workers, including 2,000 in 13 plants in Tuscarawas county, did not report to work Monday.

Management offered increases of 20 cents an hour spread out over a three-year period, with 2-3 per cent increases each year base rate is \$1.81 an hour.

Dorm Fire Claims Top \$3½ Million

SYRACUSE, N. Y. (AP)—Notices of claims totaling \$3,525,000 were to be filed against the city of Syracuse today resulting from a barracks fire where seven Air Force men died and 71 were injured.

The fire last Jan. 6 destroyed a barracks at Syracuse University's Skytop development, where airmen studying Russian at the university were housed.

Families of four of the dead air-

men said they are seeking a total of \$950,000 in damages. The 31 injured men want an additional \$2,575,000.

The largest claim, \$300,000, is being sought by Mrs. Donna Marie Merfield of La Crosse, Wis., whose husband, S. Sgt. Thomas Merfield, died in the fire. Mrs. Merfield is expecting her third child soon.

Joseph E. Stoll of Norwalk, Ohio, seeks \$200,000 for the death of his son, Joseph Jr.

More Production, More Jobs

One of the puzzles of the recovery from the recent recession has been the fact that employment has not risen as fast as production. But actually this is not a puzzle at all, according to industrial economists. The fact is that industry is now turning out more goods with fewer workers. This has been true since World War II. For instance, in steel the output per worker has increased 19 per cent, with an overall loss of 101,000 jobs. In autos the output has gone up from 6.7 cars and trucks per worker in 1948 to 8.1 cars and trucks now—an overall loss of 180,000 jobs. Management is not slow to point out that ever higher wage demands have forced industry to speed the substitution of machines for men. This apparently was particularly true during the recession as man-

agement, in efforts to slice off the fat, turned more and more to machines. For the economy as a whole, the trend poses problems. However, desirable higher production is, it is men, not machines, which consume groceries, buy cars and homes and take vacations. On the optimistic side, it should be noted that productivity has been increasing for a hundred years or more, and has resulted in a constantly improving standard of living and in the creation of more, not fewer, jobs.

Naval Hero Had Seasickness

NEW YORK (AP) — Things a columnist might never know if he didn't open his mail: Lord Nelson, Britain's greatest naval hero, had an unusual occupational ailment—seasickness! He suffered from the malady throughout his extraordinary career. Crime never pays but it always costs. It exacts a 20-billion-dollar annual toll in the United States, or between \$400 and \$500 for every family. Dieters, take a tip from the sloth. This slow-motion animal takes so long to eat that before it has finished a meal, it is late for the next one. This is no justification for speed demons, but did you know that in most car accidents the vehicles are traveling at less than 50 m.p.h.?

The World Today

WASHINGTON, (AP) — At the start it looked like such a comfortable year for Sen. Lyndon Johnson. As leader of the Senate Democrats the tall Texan had everything he could wish for, including peace and quiet. It was like being the skipper of a ship on a windless sea. Then suddenly out of nowhere the wind came up. It didn't capsize him but it rocked his boat. Loyalty? He had it. Probably every Democratic senator is beholden to him for some favor or other. He's a great one for doing favors, knowing the importance of having senators feel favorable to him when he wants something done. Prestige? He had it in abundance. Wasn't everyone saying he was a positively brilliant maestro in a place which has more prima donnas than an opera house? He had a genius for getting them to say yes or no as he wanted. And best of all for him: he had an overwhelming majority of Democrats to work with. Thanks to last November's elections, his party's majority was the greatest since early New Deal days.

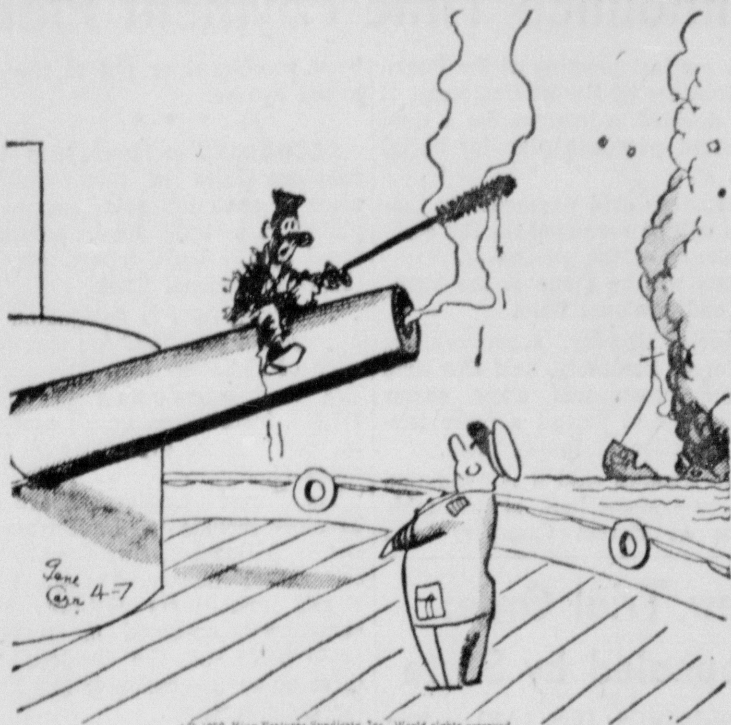

What more could a Senate leader ask? If he were asked he'd probably have said more of the same, as anyone would. He was even being prominently mentioned as a likely Democratic presidential candidate in 1960. Then a comparative newcomer, Sen. William Proxmire, Wisconsin Democrat, strode up to the bridge and pulled the skipper's cap down around his ears. This was a few weeks ago. In brief, this was Proxmire's complaint: Senate Democrats were being treated to too much of the daddy-knows-best stuff, with Lyndon the Daddy Proxmire

Dead Cop's Jacket Has Valuable Bulge

YONKERS, N.Y. (AP)—An old field jacket given to the Salvation Army was well padded. A Salvation Army worker packing it in a bundle of clothes thought it felt a little bulky. She explored the lining and uncovered \$4,526 in bills, neatly sewn inside. The jacket had belonged to a retired police captain, James F. Cashin, who was 72 when he died last February. The money was turned over to his estate. Cashin's brother-in-law, James Ross, who gave the jacket to the Salvation Army, said Cashin was on the thrifty side.

LAFF-A-DAY

By Hal Boyle

Those First Months Crucial

By Herman N. Bundesen, M.D. It is ironic that so few women pay much attention to their condition during the first nine weeks or so of pregnancy. For these are the most crucial weeks in the child's development in the mother's body. This is the time when the yet unborn child can be most easily and most seriously affected by a variety of things which affect the mother, including diseases such as German measles or syphilis, external injuries or drugs. By the time you miss your first monthly period, your baby's heart and intestines are already developing. The arms and legs also are forming during the first month. The face and the eye lenses begin forming about the fifth or sixth week. A serious illness or accident along about this time might result in blindness or hare-lip. From the sixth to the eighth week, the development of the head progresses. It also is a vital period of the functioning of the lungs and heart. Yet, at this stage, the embryo is less than two inches long. By the time the third month rolls around, the baby is considerably sturdier. However, even at this stage he or she is still vulnerable to deafness and heart trouble. Throughout the nine month period—right up to the time the baby draws its first breath—there is a certain amount of danger that the brain and nervous system might be injured. In a recent Public Affairs Committee pamphlet (No. 272, "Will My Baby Be Born Normal?"), doctors list the seven chief threats to the unborn child. These include hereditary factors, defective germ cells, environmental factors, such as hormonal disturbances in the mother, diseases, the Rh blood factor, prematurity, and external injuries caused by lack of oxygen, radiation, poisons and drugs. Of course I don't expect all expectant mothers to spend the first two months of their pregnancies in bed. However, I do want them to see a doctor as soon as they suspect they are pregnant. And I want them to continue seeing him

for periodic examinations until after the birth of the child. By following the doctor's advice, many of the potential dangers to the unborn child can be avoided. Question and Answer R. T.: Is milk detrimental to hypertension and nervousness? Answer: Milk in the diet is not a determining factor in hypertension and nervousness.

You're Telling Me! Central Press Writer By WILLIAM RITT If our calculations are correct—now that Alaska and Hawaii have been granted statehood, the geographical center of these United States must be somewhere up in southwestern Canada. Again last Sunday, postcards F.E.F.'s mother, Easter proved to be the day the regulars couldn't get a seat in church. The Egyptians, a beardless race, invented the razor—Factographs. Now, that's what we call having a sharp eye out for foreign trade! Statistics show that more than 16 million American families own phonographs or record players. And a good per centage of 'em, grumbles the man at the next desk, must live right in his neighborhood. A New Mexican thief stole 50 parakeets from a fancy bird farm. Serve the crook right if one of 'em turned out to really be a stool pigeon. Four Jap air force jets attacked a herd of walrus with machine

There's Crisis in Four Areas

By George Sokolsky

In the Cold War, diversionary tactics have been usual but generally they have been limited to two, as for instance, the diversion of attention from the conquest of China by what has become known as the Berlin Air-lift. The United States and its allies concentrated on Berlin and were caught off base as regards China.

Today, the Soviet Universal State faces the West with a complicated pattern of events, at least four of which serve as diversions from each other and make handling, either by diplomacy of war, difficult. The four are Berlin, Iraq, Tibet and Cuba.

The defender of Soviet tactics will say that this is not a pattern but is the result of causation but is accidental coincidence. I cannot prove otherwise but do not accept the casual explanation because experience indicates that when Communist elements are involved in any situation, the primary planning and the ultimate decision are always inside the Kremlin.

The Berlin Crisis involves an ultimatum expiring on May 27. Though this ultimatum has tacitly been postponed by Khrushchev, it has not been formally withdrawn. A meeting of Foreign Ministers has been called for May 21 at Geneva and the likelihood is that this meeting will delay the ultimate decision, whatever it may be. Following the Foreign Ministers' meeting, there is to be a meeting at the Summit, which might achieve something; although that is very doubtful. The Western powers place great emphasis on the Berlin gambit.

2. Iraq presents an extraordinarily difficult problem because it involves the entire Middle East as well as Turkey. It is of primary significance because if Soviet Russia controls the oil of Iraq and Iran, Western Europe will be at its mercy. When Anastas Mikoyan was in the United States, he talked to businessmen about the enormous purchases that Soviet Russia wanted

ed to make of steel pipe. If what he said was realistic, he wanted enough pipe to bring Russian, Mosul and Iranian oil to the heart of Europe. His conversation stimulated the cupidity of many businessmen, although, so far as we know, nothing has come of these conversations.

The Iraqi Revolution has now gone through three ages: first, the murder of the Hashimite King of Iraq and his family; secondly, the separation of Iraq from the Arab nationalist movement headed by Nasser; thirdly, the "s" agement of Iraq from the Baghdad Treaty nations, pro-Western and allied to NATO. The fourth stage could be the acknowledgment of Iraq as a satellite within the Soviet Universal State—a war between the United Arab Republic and Iraq, in which war it could happen that Turkey and Iran would be allies of Nasser.

3. The Tibetan situation has been discussed in these essays at some length. It is a conflict for power, in which India and Formosa are deeply involved. There can be little question but that Mao Tze-tung is closing in on India. Several years ago the Indians were surprised to find maps issued by China which set China's boundaries at the Chienlung line which included areas now regarded as part of India. It was passed over as excessive chauvinism. The occupation of Tibet by the Chinese

Communists and the flight of the Dalai Lama, affects immediately such areas as Sikkim, Bhutan and Nepal and imperils India's influence in Burma which is profoundly Buddhist.

Nehru has to take a stand or it will not be long before he will either capitulate to Peking or cry for help. The only country that has the military know-how to help India is Great Britain and it will be an embarrassment to Nehru to have to revert to dependence upon Great Britain. The United States has had no experience with India and when American bungling in China and Indonesia is studied by Asiatics, most would unquestionably prefer to deal with the British.

4. The Cuban situation is one involving the United States both economically and geographically. Whatever psychological peculiarities Fidel Castro presents, his movement is now disclosing itself as associated with the international Communist movement. At first Americans, who disliked the dictatorship of Batista, favored the Castro movement. Many Roman Catholics in the United States sympathized with Castro because they did not discern the Communist factors in his movement.

Today, there can no longer be any question but that powerful Communist forces have been freed in Cuba and that they imperil American interests in the Caribbean.

NEW HOLLAND Grade School News

First Grade
We welcomed a new girl into our class this week. She is Toni Bryant, and has been attending school in Greenfield. We are very glad to have her. We now have 19 girls and nine boys in our room.

We had a very nice time at our Easter party. Debbie Satchell and Becky Durlinger won prizes for pinning the tail on the donkey and Dixie Wood won the prize for guessing the right number of "y beans in a jar. Then we all went over to the high school to see an animal show.

Our room mothers who were in charge of our party were Mrs. Robert Minshall, Mrs. Robert Rowland, Mrs. Dale Day, Mrs. William Sheets and Mrs. Robert Klever.

There were 21 in our room who attended Sunday School or church on Easter Sunday. They were: Sandy Cupp, Carol Lee Rowland, Becky Durlinger, Steven Bryant, Kelly Melick, Ronette Minshall, J. E. Wilson, Tony Gifford.

PATSY SMITH, Becky Mossbarger, Bonnie Sutton, David Cook, Janet Adams, Vickie Sheets, Diane Day, Debbie Satchell, Jerry Smith, Johnny Hart, Pamela Manuel, Vicki Dickey and Billy Klever.

Second Grade
We enjoyed the nice Easter party, last Thursday afternoon. Our room mothers arranged several interesting contests for us.

Cheryl McConkey, Gary Rohrer, Nancy Collett, Diana Jo Eekie, Jenny Williams and Glenna Jo Woods were winners in the egg hunt.

Jan Durlinger, Larry Ankrom and Vivian Thacker came first in guessing the number of candy eggs in a jar; and Barbara Conkle and Gary Rohrer were first to burst their balloon in the balloon contest.

The remainder of the period was spent in playing bingo. We had several winners in this game.

Delicious refreshments were served during the party, and each pupil was given a lovely Easter basket filled with candies.

THE ROOM MOTHERS responsible for our second grade party were Mrs. Maynard Osterle, Mrs. Ronald Travis, Mrs. Robert Cottrill, Mrs. Gerald Thacker and Mrs. William Gilmerr. Our sincere thanks to these room mothers.

The following pupils received 100 in last Thursday's final spelling test: Vivian Thacker, Darlene Day, Jan Durlinger, Barbara Conkle, Debbie Travis, Kristi Cross, Marilyn Ferguson, Janie Arledge, Gregory Shaw, Glenna Jo Woods, Larry Ankrom, Cheryl McConkey, Roger Walters, Eddie Morrow, Melanie Osterle and Cindy Cottrill.

Third Grade
Seventeen third graders attended Sunday School on Easter.

The pupils who got 100 in spelling test number 28 were Patty Conkle, Peggy Cook, Debbie H., Dana Kirkpatrick, Peggy Marvin, Clarisse McCune;

Mary Ann Mossbarger, Charles Root Jr., Ronnie Salyers, David Shaeffer, Joyce Speakman, Paullette Wood, Johnny Saxour, Jerry Smith and Ronald Manuel.

The home room mothers, Mrs. Lee Mossbarger, Mrs. Reuben Culp, Mrs. Vernon Gifford, Mrs. Marcus Cottrill and Mrs. Forrest McCune, gave us a nice Easter party. We want to thank them for the fun we had in the contests and for the delicious refreshments.

Fourth Grade

W HAD EVERY pupil present, last Thursday, for the first time in three weeks.

We want to thank Mrs. Jean Creamer, Mrs. Bryce Shaw, Mrs. Robert Kirkpatrick and Mrs. Vincent McKee for our nice Easter party.

The following pupils made 100 on Lesson 28 in spelling: Cynthia Kelly, Carolyn Ferguson, Danny Shaw, Diana Rohrer, Donald Funk, Jacqueline Doyle, Janice McKee, Michael Gilmerr, Nancy Williams, Phillip Brown, Rankin Kirk, Roger Knapp, Ruth Sutton and Tommy Kelly.

Rex Hunter received 100 on his English test on Unit 7.

Sixth Grade
We had perfect attendance for the first time in six weeks for the entire week. This flu epidemic has really fouled our attendance. We hope the worst is over and that spring weather will prevail.

We were all happy to be back to school after our Easter vacation, but not very happy to begin work again. The next few weeks will go by very quickly and soon vacation again will be ours. We hope we can avoid any illness that may come.

Eighth Grade

THOSE WHO received 100 in spelling are: Kay Bush, Shirley Jobe, Elizabeth Redding, Patti Hidy, Charles Hunter, Ricky Stinson, Laura Hollar, Nadine Haggard and Jennifer Ankrom.

Last Thursday afternoon, we attended an animal show given in the high school auditorium.

We took an American History every pupil test. Our English and

arithmetic tests will be given Thursday and Friday.

ATLANTA

Third and Fourth Grades
We had several readings about Easter, last week. Our Art work has been drawings of spring flowers and Easter bunnies.

Fifth and Sixth Grades
Spelling Honor Roll for week of March 23 is as follows: Fifth Grade — Gloria Gerhardt, Linda Hawk, Jack Johnson, David Jordan, Wilma Kingery, Jerry Mouser, Larry Shaeffer, Mark Shipley, Gladys Wood, Eddy Conrad and Sharon Hammond.

Sixth Grade — David Bogard, Bruce Donohoe, Donnie Sue Keaton, Donna Lee Kempton, Charles Morris, Howard Morris, Jane Tarbill, Linda Wisecup and Janet Brown.

THE FIFTH GRADE class have been learning to borrow in the subtraction of fractions. For some it has been very easy while others are having trouble.

We were all happy to have an Easter vacation.

Seventh Grade
We did not have to go to school, Good Friday. In geography, we are studying about Germany.

In Hygiene, we have been studying about the brain. We had two pupils absent last week. They were Anna Mae Kline and Johnny Newton.

Eighth Grade
In arithmetic, we have been studying about common solids. In science, we have been studying about sulfas and antibiotics.

In history we have been checking our workbooks. Friday, we were excused from school for Good Friday. We had three days of absence last week.

High School News

Junior Class
WE HAVE STARTED practicing for our class play, which will be given April 24. The name of it is "Hillbilly Wedding!"

We had tapping services last Thursday for the National Honor Society. Elaine McVicker and Shirley Farmer were chosen as members from the Junior class.

We had our English Literature test, last Thursday, and now we will continue with grammar.

Senior Class
We had tapping services for the National Honor Society, last Thursday. Seniors chosen were: Judy Patterson and Darrell Long. Members of the senior class who were chosen members last year and participated in this year's tapping ceremonies were: Ellen Hooks and Susan LeVally.

We had our final English Literature test, last Thursday. We are now studying grammar where we left off studying at mid-term.

Soviet Embassy in Iraq Is Shaken by Bomb

DAMASCUS, Syria (AP) — The local press said today a time bomb exploded inside the Soviet Embassy building in Baghdad, Iraq, Sunday but there were no casualties. The daily Al Wahda said the bomb had gone off on the first floor.

It also reported that the Iraqi Military Cultural Center in Baghdad had been dynamited Sunday. The paper said unidentified persons had tossed dynamite sticks into the center's garden, killing an army major and two soldiers.

Kroger Chief Calls FTC Claim 'Illegal'

CINCINNATI (AP) — Joseph B. Hall, president of the Kroger Co., says it is "astonishing" that store acquisitions by the big food chain dating back 31 years now are being called illegal.

The Federal Trade Commission filed a complaint against Kroger Sunday, claiming it violated anti-trust laws in acquiring more than 40 corporations with 1,900 stores.

Sharp Rebound In Business Profits Felt

2 of 3 Companies Find 1959 Opening To Be on Upswing

By SAM DAWSON

AP Business News Analyst
NEW YORK (AP) — A sharp rebound in profits brightens the business scene today as the big flow of reports on first-quarter operations gathers speed.

Two out of three companies reporting so far show significantly better results than in the opening months of 1958, and a majority are doing better than in the final months of that year.

The continuing flow will be closely scanned by stockholders, tax collectors and labor union officials.

Seventy nonfinancial corporations have reported to date, most of them for fiscal periods ending before March 31. Combined they show net income after taxes of \$129,259,000, an increase of 19.5 per cent over the \$108,165,000 the same companies reported in the first quarter of their 1958 year.

In the final three months of 1958 a much larger number of corporations showed profits had rebounded by 13 per cent from the year before.

The nation's largest banks, not included among the 70 corporations above, also have been reporting good operating profits in 1959. Those who slipped below a year ago mostly did so through selling older U.S. government securities at present depreciated prices to take tax losses and to buy newer bonds that pay more interest.

As always, the profit street is a two-way one. Of the 70 nonfinancial corporations 21 had earnings less this year than last. And there were 8 dipping into red ink as against 11 in the same period a year ago.

Already the rebound in profits from the recession period is beginning to show up in dividends. The Department of Commerce reports that in January and February cash dividends totaled nearly 1 1/2 billion dollars, up 3 per cent from the year before.

The sad record of dividend cuts and omissions a year ago also is being reversed. In the first three months of 1959 reported increases came to 306, resumpions to 57, extra payments to 180, while cuts were 38 and omissions 26. In the like 1958 period there were 148 cuts and 79 omissions, while increases were 157, resumpions 11 and extras 174.

The U.S. treasury is as interested as the stockholders in the revival of profits, since it gets about one half of the gross earnings as corporate income tax, not to mention its take from swelling individual incomes through dividend receipts.

In preparing the federal budget the President estimated pretax profits for all of 1959 at between 47 and 48 billion dollars. If profits continue to rise at their current sharp rate, the year's total will top that and make balancing the budget that much less doubtful a task.

3-Nation Council Opens on Cyprus

NICOSIA, Cyprus (AP) — Britain today joined Greek and Turkish Cypriot leaders in opening the inaugural meeting of the Cyprus Ministerial Council with bright predictions for the future of this island soon to become a republic.

Gov. Sir Hugh Foot, Archbishop Makarios, leader of the Greek Cypriots, and Dr. Fazil Kutchuk, the Turkish Cypriot leader, hailed the future of the Mediterranean island.

The Union Jack, Greek and Turkish flags fluttered above the former public information building which now is the home of the new council. The group will be the local government of Cyprus until the republic is formed.

Only a small crowd was on hand to cheer the ministers as they arrived.

hygiene and the cleanliness of facilities used in treating animals, the Ohio Veterinary Medical Board is preparing new sanitation regulations.

Dr. Harry G. Geyer, chief of the Division of Animal Industry, and board secretary, said the regulations will cover veterinary activities as well.

The regulations are provided for in the Ohio Veterinary Practices Act which went into effect Jan. 1, 1958. There has been a delay in drawing them up, Geyer explained, because the board has not had funds to meet regularly.

Last Civil War Vet Serenaded by Band

HOUSTON, Tex. (AP) — A 65-piece American Legion band serenaded the Civil War's only surviving soldier Sunday.

And Walter Williams, 116, beat time on his bed with his left hand, clutched a cigar in his right, and said: "I wish I had some popcorn."

Ira Cox, business manager of the band, gave Williams a Confederate flag and said, "We'll come out and serenade him whenever he asks." The band played "Camp-town Races," "The Vanished Army," and "Down South."

2 Housing Firms Given Receivers

CINCINNATI (AP) — Appointment of permanent receivers for two housing corporations in Portsmouth, Ohio, was upheld today by the U.S. Court of Appeals, Sixth Circuit.

The corporations are Forest Hills, Inc., and Scioto Terrace Manor, Inc.

The corporations maintained that receivers should be appointed only for that part of their business where default loan judgments are sought.

The government is seeking a de-

fault loan judgement of \$1,154,946 plus \$39,469 interest, against Forest Hills, Inc., and \$915,689, plus \$28,593 interest, against Scioto Terrace Manor, Inc.

The loans were made through the Federal Housing Act, according to the records.

Junior Women's Club Plans Presentation of 'Mikado'

Mrs. Stacey Spring is serving as general chairman for the production of the "Mikado" which will be presented at Circleville High School at 8:30 p. m. on Saturday evening, April 25.

Sponsored by Circleville Junior Women's Club, the Gill, rt and Sullivan Operetta is a production of the "Atomic Area Operetta Guild" with headquarters in Waverly, but made up of professionals and talented musicians from Waverly, Portsmouth, Chillicothe and Jackson. Other performers are being given during the next few weeks in Waverly, Portsmouth and Chillicothe.

Funds derived from the Circleville performance will be used by the Junior Women's Club for its annual scholarship which is offered to a Pickaway County high school girl who will use it to further her education in the field of nursing or education. Contestants for the scholarship are recommended by the faculty of the high school they attend.

Mrs. Frank Wirth is serving as tickets chairman for the "Mikado". The programs and program advertising are under the direction of Mrs. Harold Miller and Mrs. Earl Wolfe; publicity is in charge of Mrs. Sterling Poling, Mrs. Robert Christy and Mrs. William Speakman. Mrs. Miller is chairman of ushers and Mrs. Wolfe is in charge of posters. Mrs. Richard Penn is chairman of refreshments which will be offered during intermission.

Wade McCluggage, business manager for the Atomic Area Operetta Guild reports that dress rehearsals are being held this week for the "Mikado" which will be presented in Waverly for the first time on Friday evening. The performance will be for the benefit of the Pike County Hospital. This is the guild's second season. Last year the Atomic Area Operetta Guild presented "H.M.S. Pinafore".

Mrs. Mary E. Fullen announces the marriage of her daughter, Patricia Anne Cain, to Mr. Dale Miller. The single ring ceremony took place at 2:30 p. m. Sunday at the First Methodist Church with the Rev. Paul Wachus officiating. Miss Cain is a 1952 graduate of Circleville High School. Mr. Miller is the son of Mr. and Mrs. Earl Miller, Route 2, and attended Westfall High School.

Attending the couple were Mrs. Vella Hanson and Mr. Joseph Fullen.

After the ceremony a reception was held in the home of the bride's mother at 215 W. Main St.

The couple will reside at Route 2, Circleville.

Dear Abby...

By Abigail VanBuren

Actions Louder than Words

DEAR ABBY: My husband talks in his sleep. I KNOW he does but he denies it. About a year ago I heard him say, "You seem to know when I need you the most!" When I woke him up he claimed he had ME in mind. Time proved him a liar. Last night I heard him say plain as day, "I've been sitting in this alley waiting for you. What time do you have to be back at work, Baby?" I shook him and woke him up and when I told him what he said, he said I was the one who was dreaming. Could I be dreaming that I hear him talking in his sleep or do you think otherwise? NO DREAMER

DEAR NO: It's not what a man SAYS in his sleep that counts, it's how he behaves when he's awake.

DEAR ABBY: When you send a GET WELL card to someone sick, how sick should they be? If they are on the critical list ... don't you wait at least until they are out of danger? Thank you.

WONDERING
DEAR WONDERING: Friends do not usually hold off sending a get well card. If the patient is critically ill, they send their good wishes and hope for the best.

DEAR ABBY: I am engaged to NUMBER ONE BOY, but NUMBER TWO BOY will not stay out of the picture. NUMBER ONE BOY says that if I am not sure of myself I should go with NUMBER TWO BOY, but I know that NUMBER TWO BOY is not the marrying kind. I like NUMBER TWO BOY better than NUMBER ONE BOY in a few ways because he is more romantic, but NUMBER ONE BOY is more dependable. Please tell me what to do.

NEEDING HELP?
DEAR NEEDING: You had better look for NUMBER THREE BOY. When in doubt, keep looking.

DEAR ABBY: I've been married for about two months and here is my problem. My husband can't seem to get ready to go anywhere on time. Before Church he will start getting ready about twenty minutes before the service starts. If I try to help him he gets mad! I am never anywhere on time and everybody thinks it is my fault because women are supposed to be the ones who hold everything up.

ALWAYS LATE
DEAR ALWAYS: Your husband (fortunately) is new enough to train. Dawdling is a childish trait and the only cure for it is constant prodding. Keep after him.

DEAR ABBY: My father thinks he knows everything just because he went to Stanford. He says all States require a blood test before

marriage. I say there are three States which do not and they are Nevada, Washington and Minnesota. Am I right?

BROWN EYES
DEAR BROWN EYES: Your father is all wrong and you are half right. Add Maryland, South Carolina and Washington, D. C.

For a personal reply, write to ABBY in care of this paper. Enclose a self-addressed, stamped envelope.

Local Persons Visit Festival At Chardon

Mrs. G. Guy Campbell, Mrs. Turney Pontius, Mrs. Willison Leist and daughter, Marinel, have returned from a trip to the Maple Festival at Chardon, O.

The festival program included many interesting displays. Log cutting and sawing technique was demonstrated, and a rube band performed. There also was an antique show, a hobby show and a parade headed by the Queen of the Maple Festival and her court.

Many of the male citizens were wearing beards for the occasion and antique clothes were brought from attics by the women to be worn for the festival.

All kinds of maple sugar products were available, one of the most popular being pancakes with maple syrup.

The group stopped at a sugar camp to see the gathering of sap and the processes used to make maple syrup.

While they were at Chardon, friends from neighboring Painesville and Jefferson came to visit.

Methodist Circle Meets Wednesday

Circle 2 of First Methodist Church will meet at 8 p. m. Wednesday at the home of R. P. Rader, Route 3.

Improved Giants To Topple Milwaukee from Throne

By JOE REICHLER
Associated Press Sports Writer
NEW YORK (AP)—A devastating attack, a vastly improved pitching staff and a combination of speed and youth should enable the San Francisco Giants to dethrone the Milwaukee Braves as National League champions in 1959.

Milwaukee's chances of gaining a third straight pennant are endangered by the lack of a solid second baseman to replace the convalescing Red Schoendienst, a lingering doubt whether the ailing knees of Wes Covington and Billy Burton are completely mended, and an undrilling fling of complacency on the part of the two-time champions.

Pittsburgh's brash young Pirates, with their solid hitting, stronger pitching and tighter defense, should make it a three-way race right down to the barrier.

Tiger Teams Slate Action For Today

A fair weather prediction for today gave a sound indication that Circleville High School's baseball and track teams would see live combat.

The baseballers are scheduled to entertain Chillicothe at Ted Lewis Park and the tracksters travel to Wilmington to open the season and South Central Ohio League competition. The diamond test is slated to start here at about 4:30 p. m. and the track meet probably will begin at about 5 p. m.

Baseball Coach Dick Fisher and Track mentor John Current have indicated that their squads seem ready for real action after several weeks of steady practice.

Don Rowland probably will get the pitching nod today for CHS. Fireballer Joe Adkins originally was scheduled to open on the mound, but was sidelined last week with a sore arm, diagnosed as a pulled tendon.

Coach Fisher's other starters probably will be Harry Strawser, catcher; Bill Purcell, first base; Terry Dean, second base; Cal Ellis, shortstop; Ray Phifer, third base; Jim Woods, leftfield; Dick Greenlee, centerfield; and Dan Leonhardt or Bob Shadley, rightfield.

Ready for track competition are Larry Hannahs, Gary Vandemark, Dick Gerhardt, Dick Warner and a host of other capable performers.

STARTER — Gary Vandemark, CHS junior, assumes a starting position as he preps for his favorite track event, the 440-yard dash. A returning letterman, Vandemark will be counted on to run the 440 and participate in relay events this year. Tiger Coach John Current and his cindermen open their season today with a trip to Wilmington. (Staff Photo)

Kingston Edges Host Clarksburg

Kingston edged its Ross County League slate at 1-1 yesterday afternoon with a narrow 2-1 win over host Clarksburg.

Winning hurler was Gene Sims who allowed three hits, struck out 14 and walked two. Clarksburg's Ater absorbed the loss, allowing five hits, striking out nine opponents and handing out eight free passes.

Kingston's Emory Carper led the slugging parade with two doubles and scored one run. Sims and Clarksburg's Reisinger also blasted out two-base hits.

The Redskins tallied a run in the third and fourth innings. Sims had a no-hitter going for five innings and didn't allow an Eagle to reach third until the seventh when Clarksburg scored its lone run.

The Redskins played errorless ball while the Eagles were committing three miscues. Kingston meets visitor Paint Valley Friday.

Ashville Tops Triad, 5-4

The Ashville Broncos successfully opened their 1959 Darby Valley League season yesterday with host Triad, copping a 5-4 come-from-behind victory.

Winning hurler was Dick Wilcox who struck out 16 opponents, walked just two men and allowed six hits. Loser was Triad's Millice, who struck out 14, walked three and allowed seven Bronco hits.

Jim McNeal led the Ashville assault with three hits, one a home run with a man on in the fifth to tie up the ball game at 4-4.

Triad jumped to a 2-0 lead before Ashville came back with a marker in the fourth inning. Triad continued to mount the score with two additional runs in the bottom of the fourth; setting the stage for McNeal's long blast in the next inning.

THE BRONCOS scored the deciding run in the top of the seventh. Ashville's Bobby Hoover contributed a triple in the sixth inning, but to no avail as he was stranded on third.

Ashville is now 1-1 on the season, losing its opener to Walnut. The Broncos will face Darby Valley opponent Greenview at Ashville on Thursday.

The Cincinnati Redlegs became interested in Roy McMillan, who turned up at a tryout camp in McKinney, Tex.

Mays, Jackie Brandt and Felipe Alou may be the best in Giant history. Orlando Cepeda the rookie-of-the-year of 1958, is back at first base.

The Braves' powerful pitching plus the home run bats of Henry Aaron, Eddie Mathews, Del Crandall, Joe Adcock and Covington, make them extremely dangerous. Pittsburgh has just about everything but explosive power. The trade that sent Frank Thomas to Cincinnati left the club with only one proven home run hitter—Dick Stuart.

The Reds have a strong batting order but must get a lot of victories out of rookie pitchers Jim O'Toole and Orlando Pena to figure in the pennant race.

The Dodgers figure to climb several notches because of the better conditioned Duke Snider, the hitting of Wally Moon, the fine spring pitching of Don Drysdale, Johnny Podres and Clem Labine, the improvement of catcher Johnny Roseboro and the presence of several promising youngsters, led by outfielder Don Faury.

St. Louis needs more pitching and more hitting. Ernie Banks, Alvin Dark, Walt Morin, Bobby Thomson and Lee Walls should keep the Cubs out of the cellar. The Phillies will have a tough time emerging from the basement.

Ashville Holds 1st. Intramural Wrestling Meet

More than 100 Ashville School students participated in the first intramural wrestling meet held in the school gymnasium.

The champions and runners-up of each weight division will be honored at a school assembly later in the school term. Champions will receive gold medals and runners-up silver emblems.

Results of the finals and their respective weight divisions were: 103-lb. — Mike Courtright pinned William Penn; 115 lb. — Bob King pinned Jerry Cook; 130-lb. — Bob Kuhlwein pinned Ervin Wheeler; 142-lb. — Bill Fowler pinned Dick Noggle; 148-lb. — Frank Gloyd pinned Gary Gaines; 158-lb. — Chuck McNeal pinned Jim McNeal; 170-lb. — Steve Stover pinned Jim McCord, and Howard Newton won the Heavyweight division on a forfeit from Bobby Hoover, who was injured.

Bowsher Trophy Presentation Highlights Saltcreek Fete

During ceremonies at the Saltcreek High School Football and Basketball Banquet Saturday night, Gary Valentine was presented the Bob Bowsher Trophy for the outstanding Pickaway County senior player of the 1958-59 season.

The award presentation was made by James I. Smith, Herald reporter. This marks the 11th year the award has been presented. It is sponsored by The Circleville Herald.

H. A. Strous opened the evening's program with the invocation. Dinner music was presented

GARY VALENTINE
by Paul Carr on the piano. The meal was potluck, prepared by the parents of Saltcreek Twp. school students.

The banquet serving group, was headed by Mrs. Joe Valentine, chairman, and her committee of Mrs. Wayne Cupp, Mrs. E. D. Stevens and Mrs. Albert Spangler.

MASTER OF CEREMONIES for the night's program was Walter Chambers. A Saltcreek quartet called "The Lonesome Four", delivered several musical selections throughout the evening.

It was composed of Gary Valentine, Bill Weaver, Keith Turvey and Jack Fout. County Superintendent George D. McDowell was on hand to address the nearly 200 persons in attendance.

Presentation of junior high awards was made by Coach Clyde Trumbull. Honored were seventh graders Danny Shaw, Arthur Murray, Gary Hardman, Mike

Clifton, Drexel Poling, Stephen Dixon, Charles Derexon, David Van Fossen and Weldon Shaffer.

Eight graders were Terry Anderson, Ralph Dixon, Cecil Hanes, Richard Hedges, Benny Horne, Earl Johnson, James Martindale, James Pennington, Melvin Speakman, Joe Speakman and Paul Spung.

Seventh grade cheerleaders were Carolyn Crosby, Lana Fisher and Mona Fox. Eighth graders were Beverly Crosby, Janet Hunt and Sandra Hanes.

Head Coach Wayne Evans made the varsity football and basketball awards as well as the reserve basketball presentations.

VARSI footballers were Gary Valentine, All-County First Team, Charles Spangler, Dave Jordan, Frank Garrett, Keith Turvey, George Clifton, All-County Second Team.

Jack Fout, Orman Hartranft, Roger Clarke, Gary O'Hara, Denny Valentine, Gene Jordan, Kenny Valentine, John Jenkins and Ernest Arledge. Cheerleaders were Judy Archer, Beverly Hartranft and Becky Collins.

Reserve basketballers were Robert Weaver, Damon Fox, Robert Willey, Dave Horn, Jack Fout, Dick Shaw, Kenny Valentine, Lenny Hardman, Sam Garrett, Dennis Lutz, Jack Hupp, Robert Hart and George Clifton.

Reserve and varsity cheerleaders honored were Cynthia Graham, Judy Archer, Judy Hardman, Becky Collins and Beverly Hartranft.

The varsity basketball team receiving awards included Gary Valentine, Dave Jordan, Keith Turvey, Roger Clarke, Denny Valentine, Billy Weaver, Larry Cupp and Charles Spangler. Walter Hanes concluded the program with a few remarks.

MOUND ACE — Circleville Tiger pitcher Joe Adkins follows through after delivering a high hard one in a recent CHS practice at Ted Lewis Park. Adkins, a senior, sparked for CHS last year when he compiled an amazing string of 39-1/3 consecutive innings without an earned run being scored against him. His zipping fast ball and sharp curves earned him a 5-0 record for the year, one of his wins being a 5-inning no-hit job over Athens. (Staff Photo)

Boosters Hold Monthly Meet

The Circleville Booster Club of officers and board of directors held their monthly meeting last night at the local BPO Elks Lodge, N. Court St.

The meeting was conducted by President David (Red) Crawford. Business included an affirmative

vote to pay bills for the recent winter sports banquet.

Members discussed plans for the upcoming picnic which will honor the CHS baseball and track teams. President Crawford named Charles Hart and himself as a committee to complete plans for the event. The picnic will be held next month. The place has not been determined. Next meeting will be held the first Monday in May.

U.S. Baby Prima Ballerina Labeled as 'Secret Weapon'

By DOROTHY ROE
Associated Press Women's Editor
PALM BEACH, Fla. (AP)—A 10-year-old ballerina from Palm Beach could be an American secret weapon.

She is Claudia Cravey baby prima ballerina of the first American full-length ballet, "The Princess," produced by philanthropist Frank J. Hale and Paul Crabtree, and scheduled to open on Broadway in the fall. Next in impact could be her 8-year-old sister, Clara Beth.

"If we could present these wonderful American kids in this all-American ballet at the Moscow World's Fair, we'd steal all the thunder of the vaunted Russian ballet," says Hale. He's the founder of the Academy Royale, a non-profit institution dedicated to giving American boys and girls a chance to develop their talents in the ballet, the theater and music.

Critics who have seen the fresh and charming ballet in its initial presentations in Palm Beach seem to agree with him. And so does the girl who wrote the libretto and trained the young dancers, Jo Anna, a ballerina from Durban, South Africa, wife of the stage manager, Ted Kneeland.

"We've all been taken in by a lot of intellectually snobbish hocus-focus about the ballet," says Jo Anna. "Our intention here is to present a form of ballet which the general public can understand, and which gives an opportunity to

the wonderful, fresh talent of American youngsters.

"You don't have to starve in a garret and live on borscht for 20 years to be a great ballerina. The proof is in these children who have captivated audiences at the Royal Poinciana Playhouse, after training of only a few months."

"We're in on the ground floor of a great new national awakening of art in America," says Hale. "Kids all over the country, in small towns and on farms from Maine to Arizona are feeling the urge to express themselves. If they've got what it takes, they'll have a chance to show it here. We screen applicants for the academy, and if they make the grade, they get scholarships. In this one year of operation, we've found that American youngsters do have what it takes."

"I think we can beat Russia on all fronts—not only in the field of Sputniks, but also in the field of their own ballet."

Summerfield Backed by Conservatives

WASHINGTON (AP)—Conservative Republicans were reported urging Postmaster Arthur E. General Summerfield today to seek the GOP national chairmanship.

The party's National Committee, meeting here Friday and Saturday, will name a successor to Meade Alcorn, who is resigning to return to his private law practice.

The committee also may vote to hold the GOP presidential nominating convention in Chicago in the week beginning July 25, 1960. A site subcommittee, headed by State Chairman Ray Bliss of Ohio, meets here Wednesday. It is understood to have such a recommendation in mind.

Summerfield's name was injected into speculation over the chairmanship after it had appeared that Sen. Thurston B. Morton of Kentucky might have no active opposition for the post.

Sen. Barry Goldwater of Arizona and Rep. Richard M. Simpson of Pennsylvania, chairmen of the GOP campaign committees of the two houses of Congress, have objected publicly that Morton committee chairmanship because of his senatorial duties.

They were understood, however, to be among those who would find Summerfield acceptable for the post, despite his Cabinet chores.

Negroes Offer Reward in White Slaying

CHARLOTTE, N. C. (AP)—A group of Negro citizens is offering a reward for the apprehension of the slayer of a white grocer, C. D. Campbell, 64.

A spokesman for the group said it is the first time local Negroes have offered a reward in the slaying of a white person. Campbell operated his store for about 30 years and during the depression he extended credit to most of the area residents.

"He'd carry a man on the books for groceries and then give him \$10 to pay the rent," said a donor to the reward fund, which reached \$50 Monday night.

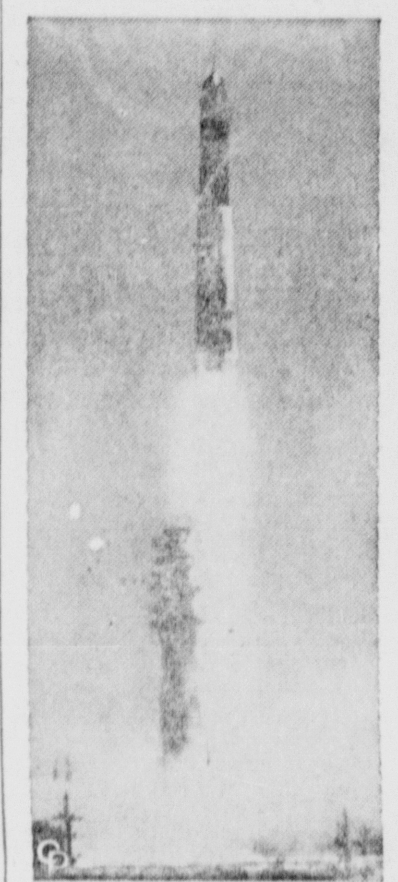

"The most brutal murder I've ever seen," said Detective Capt. W. A. McCall in describing the knifing and bludgeoning of Campbell Monday.

The father of Paul Campbell, a scout for the Cincinnati Redlegs baseball team, the grocer was stabbed 27 times and his head was crushed by at least 13 blows.

The cash registered in his store was rifled, but the amount stolen was not determined.

McCall said several persons were questioned, but all were released. He said all available men are working on the case.

Survivors also include the widow, two daughters, two brothers and four sisters.

British Papers Worry About Monty's Trip

LONDON (AP)—British newspapers of all three political callings worried today about the effect on East-West peace talks of words from one of their own generals.

After several days of complaining that various top U.S. military figures by their pronouncements were endangering the coming negotiations with Moscow, British papers were in a dither about Field Marshal Viscount Montgomery's self-invited visit to Moscow later this month.

"Monty!" boomed the Conservative Daily Sketch in front-page letters two inches high, "Fade Away!"

The Laborite Daily Herald said there is a chance in a million that Britain's former top soldier might do some good, but that chances are more than one in a million that he might "do harm—terrible harm."

The Liberal News Chronicle also thought the trip a mistake, saying Montgomery "is an unpredictable figure and he has publicly chosen an inopportune moment."

Montgomery, now 71, announced Saturday he had asked Soviet Premier Nikita Khrushchev if Montgomery could come to Moscow to talk over the East-West conflict and that Khrushchev had assured him he would be welcome. Montgomery said he would leave April 28 and return by May 1.

East Liverpool Council OKs City Income Tax

EAST LIVERPOOL, Ohio (AP)—A six-mill income tax was enacted by City Council Monday night by a 6-1 vote. Unless a referendum is asked the tax becomes effective May 6. Voters repealed an eight-mill levy last November.

Parents of Blind Boys Are Given New Home

NEW YORK (AP)—Mr. and Mrs. Frank Petraglia have a brand new eight-room house in the Bronx, built for them by the community.

Various organizations and individuals in the Throggs Neck section took part in the volunteer effort over a two-year period. The

keys to the house were presented Sunday.

The house is designed to help the parents care for their six-year-old triplets, who have been blind since birth.
